<p>A great assignment Brandon, achieving the merit on your first submission, well done.</p> <p>P1 Awarded. You have described the purpose of your digital portfolio and the audience it is aimed at, such as a potential employer.</p> <p>P2 Awarded. You have produced a timeline for your whole project, a structure map for all 8 pages, a story board, and an asset list, well done.</p> <p>M1 Awarded. You have an alternative design including changing the layout and text. A detailed storyboard for all 8 pages, a detailed structure chart showing navigation of your portfolio and your file names. Including a fully referenced asset list. Well done.</p> <p>D1 Withheld. You have made a good start to this, however more detail is needed. Why did you choose the design over the alternative? How do the assets you have chosen to enhance the user experience, ease of use etc.</p>
